ABOUT US

INMEC 2026 is a prestigious hybrid-format event designed to serve as a premier international platform for academicians, researchers, engineers, industry professionals, and aspiring scholars. The conference provides an opportunity to present and disseminate the latest advancements, innovative ideas, and emerging trends in Mechanical, Electronics, and Computer Engineering while fostering collaboration among global experts.

SCOPE & OBJECTIVES

The core objective of INMEC 2026 is to facilitate the exchange of knowledge, experiences, and cutting-edge research findings across interdisciplinary domains. The conference aims to bring together participants from academia, industry, and research organizations, enabling them to:

Engage in intellectual discussions with peers from diverse geographical regions.

Establish professional networks and explore collaborative opportunities.

Foster research and industrial partnerships that may lead to impactful

international projects. Contribute to the global knowledge repository in Mechanical, Electronics, and Computer Engineering.

PAPER SUBMISSION & PUBLICATION

PROCEEDINGS

All accepted, registered and presented articles will be published in the official Conference Proceedings with an ISBN or ISSN No.

EXTENDED PUBLICATIONS

Selected high-quality extended versions of articles will be considered for publication in Scopus and WoS indexed and peer reviewed- journals, subject to the respective journal's review process and APC.

SUBMISSION GUIDELINES

Authors are invited to submit original, unpublished research contributions that are not under consideration elsewhere. Manuscripts should be prepared in .doc or .docx format.
